help out on this board. Chair Thomas asked the committee members to briefly introduce themselves.

6. Bond Projects Status Report
   Torrance Bynum, previous Dean of Evans, Southeast, and Airport, is the new Associate Vice Chancellor (AVC) of Planning, Construction and Facilities. The Program Management Team provided brief introductions: David Niemero, Director of Construction; John Watkins, Director of Planning and Project Development and Rob Brykalski, Bond Program Manager.
   a. Evans Center Project Update and Tour
      AVC Bynum provided an overview of the Evans Center Board approved Bond funded $1.4M project. Classrooms, administration, and student services will be moving into a temporary Spr2n(gk)twTU(e a2c(sont)iTJ18e0ob00.2bē3(on.0)6Cttyc (0.))011 6sTc(n1Tw-(428[[0e)au(

that an estimate will be available after programming and initial schematic design is complete

    vi. Committee Member Hanson inquired if the benchmarks in the design process are being followed: Mechanisms designed to reduce costs of professional fees; Mechanisms designed to reduce the cost of site preparation; Recommendations regarding the joint use of core facilities; Mechanisms designed to reduce cost by incorporating efficiencies in school site design and recommendations regarding the use of cost effective and efficient reusable facility plans; and designing to have smaller classrooms. Mr. Niemerow responded that the core values embodied in the program that are going to work for the users, are maintainable, and cost less money over the life of the facility, with respect to the total cost of ownership and sustainability. Committee Member Hanson asked if there are any documents that show how they are focusing on those goals that might be helpful as they write their report.

   vii. Committee Member Richardson suggested moving forward and focusing on the task for this committee. Because the 2001

would be to assess the existing draft report from last year that was not finalized and assess whethe
to use that as the starting point or start over and move forward. The subcommittee would work
